EVE BIO/MEDIA RELEASE 09

New and exciting to the New Zealand music scene, EVE has been quietly rehearsing and putting together a collection of 'power ballads' vocally arranged just for them. Working beautiful four part harmonies around classical, opera and pop tunes, the girls have crafted a unique and captivating sound.

In their short career, they have had numerous television appearances and some exciting performances and opportunities, including being selected to support Lionel Ritchie at the prestigious Mission Concert.

EVE has had the wonderful support of some of NZ's most talented music industry people including Rikki Morris (writer of their debut single 'Nobody Else'), Stephen Small as musical director and Debbie Harwood in vocal production. More recently NZ's #1 Diva TINA CROSS has taken on a mentoring role, passing on her invaluable knowledge and support as well as giving performance tips to this talented group of young women.

2010 will see them a force to be reckoned with as a trip to London, Hong Kong and LA will introduce them to the International Stage through global music industry contacts.

Sam, Genevieve, Katie & Swan are four gorgeous girls with the voices of angels to take your breath away EVE
