

PASK WINERY GREAT LONG LUNCH TICKETS IN HOT DEMAND

Within a few weeks of going on sale, tickets to the Pask Winery Great Long Lunch are almost sold out. There are less than 100 left. A significant number of previous lunch-goers have ensured that they will be sitting down to enjoy a sumptuous three-course meal again on Sunday 6th March, including a couple from Canada who specifically plan their visits to New Zealand around this iconic event. Tickets have also been snapped up nationwide.

The picturesque, seaside setting of the Marine Parade Gardens is an ideal outdoor venue. Only once in the ten-year history of this event has it been relocated due to inclement weather.

Orton Catering, who has been at the forefront of the hospitality industry in Hawke's Bay for over 25 years and has a history of catering for large events on location, will be creating the menu and preparing the food.

Dynamic five-piece band, *Revival Corporation*, who entertained the crowds at this year's Mission Concert, will be performing at the lunch. Other entertainment will include a variety of popular crowd interaction.

According to organiser, Napier Inner City marketing manager, Meg Rodel, "It's great that this event is so well supported and gratifying that a number of the ticket holders regard it as one of the main highlights of their summer social calendar."

Ends.
